OUR NETWORK

PEN Worldwide is a non-profit association that administrates the Worldwide Practice Enterprise Network. The network was established in 1993 in Germany and today is represented around the world on every continent. The association assists schools and training organizations to deliver training in entrepreneurship and business skills. Our standardized Practice Enterprise methodology helps students develop business skills, connect with students from around the world and learn entrepreneurship.

NATIONAL OFFICES

The National Office provides all essential macro-economic functions and support operations which are expected to be available in the real business world to create a complete economic simulation for Practice Enterprises in national schools.

TARGET GROUPS

The Practice Enterprise concept is tailored to the needs of tomorrow and is a proven model for practical business and entrepreneurship training in schools. It helps students to meet the challenges of today's labour market by putting their skills into action.
